Convicted of Murder.

The trial of Alpheus Vaughn for the murder of John and William Lister at Boone canyon, Lander county last December, resulted in the jury finding the defendant guilty of murder in the first degree. The case has been on trial in the District Court at Austin for nearly two weeks. Nick Rust, who was the only witness to the murder and indicted as an accessory, testified in behalf of the State.

The case was given to the jury last Saturday, and after being out about 24 hours, they found a verdict of murder in the first degree.

The trial of Charles Vaughn, who is also indicted for murder, has not yet been held, and it is not known whether the evidence against him is as conclusive as it was against his brother.

Honorably Promoted.

It is reported on reliable authority that Lieutenant Neall has received notification from the War Department that he has been promoted in both rank and salary, to take place as soon as his assignment at the University expires in September. He has been assigned the Quartermaster's Department and will be stationed at Walla Walla. The news will be welcomed by all of Lieutenant Neall's friends both here and elsewhere.—Journal.

To Succeed President Jones.

Reno, Nev., April 23.—It is understood that the Board of Regents will elect Dr. J. E. Stubbs of Ohio as President of the State University at the next meeting, vice S. A. Jones resigned. The selection of Dr. Stubbs is favorably commented on, as he is said to be a man of great executive ability and classical learning.

The Fresno Mystery.

Fresno, April 24.—In investigating the Wootton mystery detectives have discovered in Professor Sanders' house two additional letters signed by John Knauss, one dated June 13, 1883, the other in 1889. The letters are believed to be forgeries written by Professor Sanders since he has been suspected of murdering Wootton.

The Weiland Saloon.

W. Whitney has assumed control of the Weiland saloon, which he proposes to run strictly up to the times. He will dispense the best liquors and cigars and fine old Government whiskey, which slides down your throat like oil, tickling your palate meanwhile. Call and see "Handsome Whit." fl1

Speaking of the attempt of Mar-chie Kelly to commit suicide the Virginia Chronicle says: This is the second attempt to suicide Kelly has made within a few months. He is evidently a bluffer from Blufferville. If he wants to die, he is advised to take a small quantity of prussic acid internally and lie down in front of an approaching train, then cut his throat and blow his brains out.

John W. Mackey has succeeded in effecting a reconciliation between the Prince and Princess Colona. The threatened divorce proceedings have been stopped, and there has been a complete readjustment of the family difficulties. The princess will return to her husband in June or July with her children, and the Prince has agreed to behave himself. The financial affairs are said to have been arranged upon a satisfactory basis.

Esmeralda's Coal Beds.

The Denver Mining Industry comments as follows on the late discovery of coal in Esmeralda county:

"It has long been a theory among geologists that there is no coal west of about the western boundary of Utah. The vast country extending from the Wasatch range to the Sierra Nevada, and from Idaho to the Gulf of California, though it is mostly sedimentary, has been classed as belonging to the Paleozoic time, and supposed to be non-coal bearing.

"Evidently, however, some mistake has been made, as coal has been discovered in Western Nevada about 25 miles east of California. Mr. A. M. Welles of Denver has shown us some samples, which are evidently extracted from near the surface.

"They have, however, good lustre, and their analysis shows them to belong to bituminous coals. They yield volatile matter, 35.7; fixed carbon, 47.4; ash, 17.9. No information has yet been received regarding the thickness of the deposit. The discovery can be classed among the probably important ones of the year."

Seventeen Year Pests.

Chicago, April 24.—The seventeen year locusts appeared by thousands yesterday in various parts of the State, coming up through holes in the ground, which looked as though made with a cane and varying from one to three feet in depth. At sunset the insects again retired to these holes. If the weather is warm they will be able to climb this week, and then the destruction of young foliage will begin.

Most of the grubs which came out yesterday were very lively. They were precisely like those which appeared in 1877. The larvae were under the moss have been sheltered in perfectly formed clay nests similar to wasps. The average depth at which they are now found is one foot, showing that they have traveled from two to three feet within two weeks. Large numbers have been discovered in many parts of Illinois and Missouri within a few days.

A Big Reduction in Wages.

The Carson Valley ranch owners held a meeting at Mottsville yesterday and resolved to only pay the haying and harvest hands fifteen dollars a month the year round hereafter. Heretofore the men have been getting forty dollars a month in harvest time and one dollar a day in winter months. It is said the men will not submit to such a radical reduction and refuse to work.—Ex.

Fred Dangberg, who was in Carson yesterday, says he has heard nothing of such a reduction, and that there is nothing in it. Fred says they don't care to employ men who would work for such low wages.

Buried Alive.

A Sioux City, Iowa, dispatch says: A few days ago the fifteen-year-old daughter of J. Luckish of Bresco, had a tooth pulled while under the influence of an anesthetic. The next morning she was found dead in bed. The following day she was buried. Two or three days later some friends of the family who feared she had been buried too soon, secured the permission of the parents to have the grave opened, and then it was found that the girl had been buried alive. The glass of the coffin was broken into fragments. The body was fearfully contorted, the hands cut and bloodstained, and the hair torn out. The girl had turned over and the body lay face downward.
